Council members: please get off the backs and out of the way of our police department. Have a work session on what you might do/change/promote that strengthens the WPD, trains it more thoroughly, equips it more effectively and highlights the every day good they do for Waterloo citizens.

- Ordering the change of the Waterloo Police Department insignia. **NO!**
- Banning the use of facial recognition analysis in Waterloo. **NO!**
- Prohibiting the police from applying for surplus military equipment and requiring the disposal of any equipment previously received. **NO!**
- Restricting the use of non-lethal force on "protesters ". **NO!**

P.S. I just had a lousy meal outdoors at what has become my wife's and my favorite restaurant in downtown Waterloo. What made it lousy? The waiter running around like a kindergarten teacher on the 1st day of school reminding us, almost scolding us, for not having a mask on for 10 seconds per the "new City mandate". Thank you for that. Get out of business you have no business being in. We wear masks wherever we go; we don't need city government to tell us what is common sense. We're not dumb, stupid, arrogant or selfish. We are as aware of other's well-being as anyone. We don't need government elites to guide us along the path of life. Please get back to police, fire, streets, sewer, parks, economic development, balanced budgets and restoring the cash reserves to a 6 month operating level.
