Subject: WPD patch

I retired from the Waterloo Police Department in 2014 after 35 years of service. I am proud of my service to the citizens of Waterloo. I am writing to ask that you NOT SUPPORT the changing of the Waterloo Police Department patch.

The Griffin is a Greek Mythological animal symbolizing vigilance, which means to act as a guardian to our priceless possessions. The WPD patch is to symbolize the Waterloo Police protecting its priceless possessions, the citizens of Waterloo.

A tradition of police is to trade patches with officers from other departments. I have gone to conferences all over the U.S. and other officers rave about how unique our patch is. Please allow the current officers to continue to wear it.

If you have any questions please contact me. Thank you for your time.
