I write to ask you to support our police and their insignia which includes the griffin This was thoroughly investigated and is not the “alleged “ KKK sign! It represents strength and protection which is what Waterloo PD stand for. Our city should never join the “cancel” culture who target anything that “they” don’t think is right!! Educate everyone but please don’t knuckle under to a few! We need to support our police now more than ever before! Thank you for listening. I e-mailed my feelings to my ward councilman as well.
