Subject: Police Insignia

I am writing to express my displeasure to the consideration of removal of the police department's Griffin insignia. Please pass along my displeasure to the mayor and the city council I have also written them! This well researched emblem is in no way a KKK symbol and we need to back our police now more than ever. Please don't let a few dictate to the many ! Thank you for sharing this with the council. Kathy Willer, 146 Lichtry Blvd, Waterloo
