Hello All,  
I am not in favor of changing the griffin patch on our police uniforms or vehicles. It is importance not to cave to those who misunderstand the meaning of the griffin—a symbol that heralds from the Greeks. Educate those who carry this misunderstanding of this image but do not spend my tax dollars to make this change. It is not necessary. Supporting ignorance is not how I expect you to manage the public funds entrusted to each of you.

These are my words.

Thank you for your service.

***Jeri***
