Sir

Waterloo is my home town although I have not lived there for 35 years. I still follow the Courier and try to keep up on the community.

Sir I am appalled at the turn of events for the law enforcement officers in your community. If what I see on council agenda is actually true, how can it be?

As Mayor you were elected to serve the people...all of the people. You have the power to veto if any of this ridiculous agenda is passed.

If there are issues, be the leader I think you are, set up a committee of all parties concerned including law enforcement, than deal with the issues in a logical finite way that will work.

Again Sir this knee jerk reaction will not work in the long run, cause more problems than fix problems.

Thank You
